

# THE Andover Townsman ONLINE

## Special visits

Courtesy photos

The children in the Professional Center for Child Development's Preschool, Two-by-Two Program and Developmental Day School, invited special friends to join them at school the week of May 10 to 14. The guests – 175 grandparents, parents, aunts, uncles, siblings and friends – were welcomed into the Osgood Street center to see how their student participates, learns and grows alongside friends of all abilities. Above are Andover residents Molly and her dad Adrian Purtschert; and Madisan and her mom Amy Holland.
