

PCCD and YOU

Imagine the Possibilities

November, 2022

Dear Friends,

We want you to know that you matter, a lot, to the 2,000+ children and families we served through our educational and therapeutic programs. Your generosity provided direct, immediate, and impactful care, tools and resources for these children; Improving their lives, and giving their families hope - truly priceless gifts!

PCCD depends on YOU to help provide innovative technology and tailored approaches for each child whether it be overcoming developmental delays in our EI Program, providing enriching learning environments in our Woodbridge School, or accessing assistive devices that give Anderson School students, who are non-verbal, a number of ways to communicate their needs while offering the dignity and joy of choice in their everyday activities.

ANDERSON SCHOOL

Your support gave Eva more time to continue learning alongside her peers. This year we were able to increase the cut-off age from 10 - 12 years and purchase larger therapeutic equipment to accommodate our older students.

WOODBIDGE SCHOOL

You enabled us to add a new toddler classroom and shorten our very long wait lists! You also provided scholarships and tuition assistance to five families who otherwise would not have been able to send their child to preschool.

EARLY INTERVENTION

This year, thanks to your generosity, we were able to respond to a record number of evaluation referrals from families and pediatricians who were concerned about a child not reaching their developmental milestones.

Your support is so incredibly important to these children. It will make an impact today that will resonate far into the future for thousands of children. Your continued support this year will allow us to enhance our programs, respond to the needs of local families and help each child reach their full potential.

Our donors are the heart of our sustainability as an effective organization, and the key to ensuring that children and families thrive. Please consider making your year-end gift today.

Gratefully,

Kelley Granahan
Director of Development

We are grateful for your steadfast support - [click here to make your donation today.](#)

PCCD depends on YOU and your generous support.

We can do so much because of YOU.

ANDERSON SCHOOL

We were able to enhance the care and attention each student received by adding an additional teaching assistant to each classroom.

Provided more opportunity for students to improve their educational gains, communication skills and developmental progress alongside their peers by expanding the length of the school day and increasing their one-on-one time to learn and grow.

The Impact of Your Gift

EARLY INTERVENTION

Our EI staff are well-equipped to improve outcomes for children at risk for autism.

Your generosity provided extensive training for our team so that we can identify and treat autism early. This screening tool can help change the course of the disorder and significantly improve outcomes.

Your support provided continuing education and professional development to build on staff skills, and learn new and innovative approaches to helping children and families.

Every donation makes a difference and directly supports our life-changing programs. Your continued support will help us:

- Purchase larger therapeutic equipment for our older students in the Anderson School
- Make significant improvements to our fully accessible playground
- Respond to the increased and evolving need for early intervention services and specialized therapies for children under the age of 3
- Implement a plan to expand capacity, increase classrooms, reduce our waitlist and provide access for more families
